

Apple Basket 3.0

A FREE QUILT PATTERN

100% ORGANIC FABRIC, MADE WITH *love*, NOT PESTICIDES.

www.birchfabrics.com | info@birchfabrics.com

A quick sew perfect to show off your favorite prints, solids and textures. The newest version utilizes a pretty gradient using fat quarters in a nice large size at 82" x 92".

FABRIC REQUIREMENTS

- 23 fat quarters
We used all 16 prints of Bountiful Poplin with Solids Apricot Brandy, Blush, Citrus, Jungle Green, Dark Forest, Mineral, and Dusk.
- 1½ yards sashing
We used Solid White

CUTTING

Cut 10½" x 18" rectangles from your half yard or fat quarters. If your pieces are generous and measure over 18", do not trim, as we will do this in a later step. From one 10½" x 18", subcut (1) 10½" x 4½" rectangle to save as the endcap to each row.

From sashing fabric, cut (19) 2½" x WOF strips.

ASSEMBLY

Sew WOF sashing strips together into one long strip. I like to sew my ends together as below:

Sew all rectangles on the long side in each color to the Cream strip continuously, with a small ¼" space between each rectangle.

ASSEMBLY CONT.

Here you can even everything out, and make your perfect $4\frac{1}{2}$ " x $12\frac{1}{2}$ " blocks. Cross cut your pieces into the following:

Block count for each print/color:

(7) $4\frac{1}{2}$ " x $12\frac{1}{2}$ "

(1) $4\frac{1}{2}$ " x $10\frac{1}{2}$ "

Sew together rows of each print/color. Pin in place your rows before sewing, being careful to offset each row. Once all rows have been joined, trim down excess fabric. Quilt and bind as desired, and you're all done!

ALTERNATE SIZES

Create smaller sizes and your own unique color versions! Make a throw or baby size by using quarter yards or fat quarters.
